### FILTER LESS

Elica Filter less Kitchenhoods are fitted with sealed motor to ensure that oil deposit and water vapours does not affect the smooth functioning of the motor. High quality metal blower system ensure that the smoke and odour are efficiently exhausted out of the kitchen.

### MOTION CONTROL

Select Kitchenhood model in Heat Auto Clean & Filter less type are fitted with Motion Control that enables easy operation by a simple wave of your hand. Wave your hand towards right to turn on the chimney and continue waving to increase the speed. While waving towards left will decrease the speed and finally turns it off.

### HEAT AUTOCLEAN

Kitchenhood is fitted with Heating pad on it's motor group assembly and oil collector cup at the bottom. Just with a touch on control panel, kitchenhood can be cleaned by collecting oil from Motor group assembly in to the oil collector cup with the help of Heating Pad.
